ESEE Conference Programme, 21 – 23 June

Introduction:

The 2021 European Seminar on Extension and Education (ESEE2021) will be hosted by Teagasc Ballyhaise College, in collaboration with the College of Agriculture, Food and Rural Enterprise (CAFRE) and University College Dublin. Due to restrictions resulting from the Covid-19 epidemic the event will be held on-line using the Hopin platform.

The conference attracted a large number of abstracts from educators, researchers and advisors and a rigorous review process by ESEE Committee members resulted in the selection of over 80 topics to be delivered as oral presentations and 60 in the form of academic posters.

This draft document outlines how the oral presentations will be delivered within four themes:

- Digital delivery of advice and education: What have we learned from the disrupted norm?
- The evolving roles of advisors and educators in supporting learning
- Lifelong learning. Encouraging and facilitating continuous learning and development by rural individuals, households, and communities
- Evaluation and impact assessment of Ag. Education and Innovation support models.

Each paper and presenter is listed in this programme. Posters will be accessible at all times during the Event on the Hopin platform. This programme also lists a number of events which aim to give insights into agricultural education and extension on the island of Ireland:

Teagasc Ballyhaise College: Education, farming, culture.

CAFRE/Teagasc Education Seminar.

CAFRE/Teagasc Extension Seminar.

Teagasc/Lakeland joint programme in extension.

Dingle community Project.
